5 Steps to feeding fussy eaters

Serving a fresh,
Organic Menu

**Your No-Judgement,
Game-Changing Guide to Positive
and Relaxed Mealtimes**

1. Do your job as the feeder, and let your child do their job as the eater.
2. Less about food, more about family time.
3. "The kitchen is closed" and other mealtime boundaries
4. Get snacking and grazing under control
5. Serve dessert with dinner (and why this works well)

Mother's Day Celebrations

BERRY BEST MOM

Mother's Day is coming and we want to do something very special for our moms to show them how much we appreciate everything they do for us. Moms do and deserve so much and we can't thank them enough for all that they do every single day.

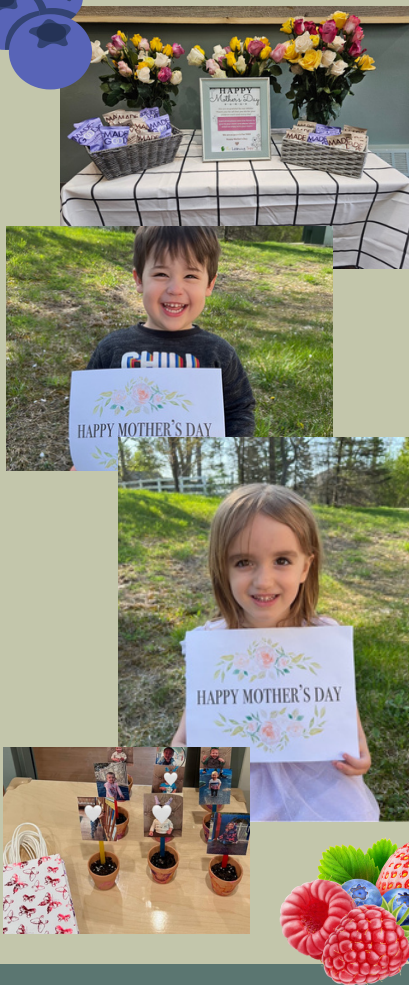

Next Friday, May 10th we want to celebrate and show our love to LT moms. 

During pick-up on Friday afternoon, our lobbies will be decorated just for our moms. We will have a fun station set up for you and your child to celebrate together in the lobby!

Additionally, you will get a special surprise gift from your child. Your children are starting to work on their gifts that will be ready for you next Friday. We are very excited about this special surprise to celebrate YOU and tell you how thankful they are to have such a wonderful and amazing mom.

Being a mother is not an easy task, you need to put a heap of effort, you need to make many sacrifices to become a proud mother of fascinating children. We are excited to celebrate your efforts, sacrifices and all that you do for your children each and every day!

We are so thankful for you choosing us and trusting us with your children. We cannot wait to celebrate with all our moms next Friday afternoon!

Teacher Appreciation Week: May 6-10th!

Teacher Appreciation Week is a special time for us to honor and celebrate the incredible teachers who play such a vital role in the lives of our children. Their dedication, passion, and unwavering commitment to excellence are truly inspiring, and we are incredibly fortunate to have them as part of our Learning Tree family.

From May 6th - May 10th, we will be celebrating Teacher Appreciation Week with a lineup of special activities and gestures to express our gratitude for the incredible efforts of our teaching staff. Each day will bring new opportunities for us to show our appreciation and support for these exceptional individuals who play such a vital role in the lives of our children.

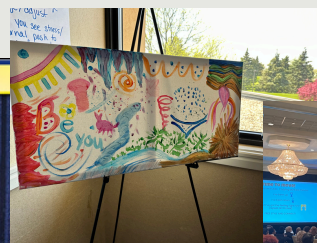

We have something planned each day next week to celebrate our teachers! Be sure to check out our Facebook pages to follow along on everything we do to celebrate our hardworking and amazing team!

Highscope Conference

Next week, our curriculum directors, regional director, CDA coaches and GSRP teachers will be attending the 2024 Highscope International Conference!! We are so happy our team gets to attend this conference and learn all things Highscope!!

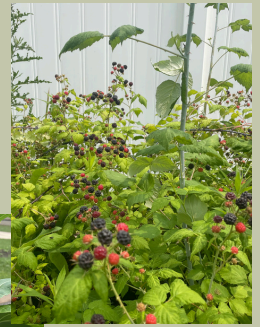

Check out the FUN our teachers had last year and we can't wait to hear what they learn this year and apply it to LT!

Gardens coming soon!

We believe in fostering hands-on learning experiences that connect children with nature and promote environmental stewardship. That's why we're thrilled to have gardens right here on our premises, where children actively participate in planting, nurturing, and harvesting a variety of fruits, vegetables, and flowers. Through this engaging activity, they not only learn about the life cycle of plants but also develop important skills such as responsibility, teamwork, and patience.

Our gardens provide a wonderful opportunity for children to connect with the natural world, instilling in them a lifelong love for gardening and a deeper appreciation for the environment.

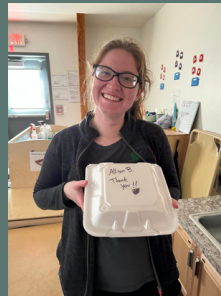

The Hive

CELEBRATIONS CONTINUE

We continue to bring The Hive to different centers during our weekly curriculum competitions between centers!

We are so happy to provide breakfast and lunch to our winners! It is also the best time to come together as a team to celebrate their continued hard work!

We can't wait to see where The Hive goes next!
